Event Overview

Wine Women & Shoes
Since the inaugural event in 2014, Wine Women & Shoes has provided 6.2 million meals for food insecure Hoosier youth. This “party with a purpose” benefits Gleaners Youth Programs. Various sponsorship opportunities are available.

Hunger Action Month
September is Hunger Action Month, a nationwide initiative by Feeding America to stand together and take action to help end hunger. It’s a month to spread the word and take action on the hunger crisis — through donating, volunteering or spreading awareness — and dedicate ourselves to a solution.

Indianapolis Business Journal Power Breakfast
The Hunger and Health Power Breakfast is an annual event hosted by the Indianapolis Business Journal. We invite the community to join us for an engaging conversation; as our panel of local experts and community leaders discuss the intersection of hunger and health, the impact of food insecurity on our community and more.

Food for Thought
Food for Thought is a way to celebrate the generosity of dedicated partners and leaders who help put millions of meals on the table for food-insecure Hoosiers each year. This donor-exclusive, annual event provides our top supporters with the unique opportunity to see some of our work first-hand, hear about our hunger-relief efforts in the community and learn more about the work that is still needed to close the meal gap for our neighbors.
