The impact statement represents the full Gleaners operation, including Fresh Connect Central and disaster relief efforts beyond our 21-county service area.
Ricki Herdcastle, a mother of six, returned to Indiana after her mother-in-law became ill. Now, serving as a full-time caretaker, Ricki could no longer work and her family suddenly found themselves on a single income. She knew she needed help in order to feed her family, but was unsure of what resources were available. Ricki called Indiana 211 and was directed to our Community Cupboard to start.

"I haven't been able to work in three weeks, and this has helped with food until I can get paid again." Some of Ricki’s preferred items include kitchen staples such as milk, eggs, bread and peanut butter. She also enjoys choosing chicken and other proteins to make some of her family’s favorite meals, such as chicken alfredo.

"To be honest, without Gleaners we probably wouldn't have been able to eat the last few weeks," says Ricki. "I have family, but they're older and struggle too ... we don't qualify for [federal assistance] ... there would have been no other way."

Your generosity and support this year was critical to putting food on the table for Ricki’s family and the thousands of other Hoosiers just like them. Thank you.
Board of Directors

Chairperson
Georgiana Reynal, Ascension St. Vincent

Vice Chairperson
Chad Mayer, Cummins, Inc.

Secretary
Paul Sinclair, Ice Miller, LLP

Treasurer
Bud Graessle, One America
